Talk about Heritage
Johnnie B. Long has been part of a well-respected family of Hill Country builders and developers since well before the construction boom started. Johnnie has helped literally hundreds of satisfied homeowners accomplish their Hill Country dreams.
How many references would you like?

Spread Out.
Here is room to breathe, room to enjoy the serenity of the wildflowers, the majesty of the hardwoods, and the convenience of your own abundant private water. The Overlook is conceived as a fully custom estate community – but come soon, only 14 home sites are available.

Where to today?
The Overlook is uniquely situated for convenience – so close to Fredericksburg and an easy drive to any location in the San Antonio area. It is rare beauty the sought-after Fredericksburg School District, and the restrictive covenants to ensure the value of your home investment.

The Overlook. Good place to put your heart. Great place to put your home.
